

KYHMIS

Statewide Policy Manual

Kentucky Housing Corporation/Louisville Continuum of Care
June 2017

Please note, violation of the Kentucky Homeless Management Information System (KYHMIS) Participation Agreement and KYHMIS User Confidentiality Agreement, including without limitation to the failure to comply with the policies and procedures related to the KYHMIS as contained in this manual, may subject the participating agency to discipline and termination of access to the KYHMIS and/or termination of other Kentucky Housing Corporation (KHC) contracts. All participating KYHMIS Projects, as well as Victim Service Providers funded by the U.S. Department of Housing and Urban Development, the U.S. Department of Veterans Affairs, the U.S. Department of Health and Human Services, and SAMSHA, are required to abide by the policies and procedures outlined in this manual.

Vision Statement

The vision of Kentucky Housing Corporation (KHC) is to operate a user-friendly data collection system that produces timely, accurate, and complete information for stakeholders to use, ensuring the effective delivery of housing and services to alleviate homelessness in Kentucky.

Introduction

The Kentucky Homeless Management Information System (KYHMIS) was developed to support Kentucky's Continuum of Care and partner agencies in their missions, by supplying them with the tools to gauge data and outcomes for their projects. The KYHMIS provides information to the U.S. Department of Housing and Urban Development (HUD), the U.S. Department of Veterans Affairs (VA), the U.S. Department of Health and Human Services (HHS), Substance Abuse and Mental Health Administration (SAMHSA), local nonprofit boards, state-level policy makers, and other advocates in their missions.

The KYHMIS is a client information database that provides a standardized assessment of client needs, creates individualized service plans, and records the use of housing and services. The fundamental goal of the KYHMIS is to use the data to determine the utilization of services of participating agencies, identify gaps in the local service continuum, and develop outcome measurements. The KYHMIS can identify patterns in the utilization of assistance, as well as document the effectiveness of services for clients.

All this will be accomplished through data analysis of the actual experiences of persons, as well as the service providers who assist them in shelters and assistance projects throughout the state. This data may also be analyzed to provide unduplicated counts and anonymous aggregate data to policy makers, service providers, advocates, and consumer representatives. Statewide reporting is based on aggregate, non-identifying data; therefore, such data may be shared with the public.

The KYHMIS uses a Web-based software product from Bowman Systems called ServicePoint, which resides on a central server to facilitate data collection by service organizations across the state. Access to the KYHMIS is limited to agencies and authorized staff members who have met the necessary training requirements and have signed the necessary privacy, data sharing, security, and licensing documentation, as listed in this manual. As the guardians entrusted with personal data, agencies have both a moral and a legal obligation to ensure that data is being collected, accessed, and used appropriately. All agencies must be vigilant to maintain client confidentiality, treating the personal data of Kentucky's most vulnerable populations with respect.

Every project that receives federal homeless assistance funds is required to enter data on persons served with those funds into the KYHMIS. In addition, some projects funded through the VA, SAMHSA, and HHS are required to enter data into the KYHMIS.

Victim Service Providers (VSP)

Those organizations that are designated as Victim Service Providers (VSPs) that are funded under HUD's Section 8 Moderate Rehabilitation SRO Program, Emergency Solutions Grant Program, and Continuum of Care Program are prohibited from disclosing any personally-identifying information in an HMIS, per the requirements of federal laws.

However, VSPs are required to collect data in a comparable database with the same current HUD Data Standards and provide aggregate data to be combined with KYHMIS data for full reporting to federal agencies and Congress.

Suppression of Potentially Identifying Data in Annual Performance Report (APR)

VSPs may suppress aggregate data on specific client characteristics in the APR when the following two conditions are met:

1. The aggregate number of persons reported for a particular reporting field is less than either 1 percent of the total number of clients or five persons, whichever is greater; **and**
2. Provider staff reasonably believes that the inclusion of such information may constitute a threat to a client by allowing a victim's stalker or abuser to identify the location of a client with an uncommon demographic profile.

For example, a VSP that serves only one Asian client in a jurisdiction with a small Asian subpopulation may report that client as having an unknown or unreported race.

Minimal Standards for a “Comparable Database”

VSPs that receive funding must submit unduplicated aggregate reports about the individuals and families served with HUD funds to CoC HMIS staff. Funded providers must also have a mechanism to track the length of assistance provided to project beneficiaries. Therefore, a VSP's comparable database must collect client-level data over time and generate unduplicated aggregate reports based on that data. It cannot be a database that only records aggregate information.

The comparable database must comply with all current HUD Data and Technical standards which can be found at <https://www.hudexchange.info/hmis/guides/>.

The data standards also require organizations to comply with any federal, state, and local laws that require additional confidentiality protections, including but not limited to:

- The Health Insurance Portability and Accountability Act of 1996 (45 CFR Parts 160 and 164)
- The Confidentiality of Alcohol and Drug Abuse Patient Records Rule (42 C.F.R. Part 2)
- The Violence Against Women Act (VAWA)

As these data standards are subject to change, all providers are responsible for monitoring for updates and being in constant compliance with all data standards.

Minimum Data Collection Requirements for Victim Service Providers (VSP)

VSPs are required to collect and record all data elements that are required for HUD-funded providers on all clients served with HUD funds in a comparable database. The client-level data collection requirements for HUD projects are specified in the HUD Data Standards Notice.

Each CoC HMIS Lead Agency is responsible for determining if the database used by VSP's is comparable with HMIS standards and if aggregate data can be reported to the CoC from the comparable data base.

Kentucky Homeless Management Information System (KYHMIS)

KHC is the lead entity for the statewide KYHMIS implementation in Kentucky. KHC administers the ServicePoint software product for all three Continuum of Care (CoC) in Kentucky: Kentucky Balance of State CoC, Louisville CoC, and Lexington CoC. KHC is the HMIS Lead Agency for the Balance of State KYHMIS. The City of Lexington, Office of Homeless Prevention and Intervention (OHPI) is the HMIS Lead Agency for the Lexington CoC and the Coalition for the Homeless is the HMIS Lead Agency for the Louisville CoC. All three CoCs work together in support of an effective, coordinated system.

Continuums of Care

- Balance of State (118 counties) – KY-500
- Louisville/Jefferson County – KY-501
- Lexington/Fayette County – KY-502

Kentucky Interagency Council on Homelessness (KICH) and Kentucky Homeless Management Information System (KYHMIS)

KICH was established by executive order to bring together state policy makers, service providers, and advocates under the mission of coordinating and guiding policy across Kentucky to alleviate homelessness. Efforts in this mission rely on data for many different purposes. KICH has established the Data Subcommittee to help monitor the occurrence of homelessness and track trends, evaluate the effectiveness of projects and policies, and provide information for planning and decision making. While KYHMIS is not the sole source of data, it is a vital component.

KHC's KYHMIS staff will collaborate with the HMIS Lead Agencies for the Lexington CoC and the Louisville CoC to provide the KICH Data Subcommittee data reports.

Terminology

Advanced Reporting Tool (ART): Bowman Systems provides ART to give users access to a wide variety of reports. The ART is used commonly for federal reporting and project customization of reports. This tool is scheduled to be replaced by another reporting system in late 2018.

Agency Administrator: This person is their agency's lead KYHMIS contact and is responsible for system administration at the agency level.

Annual Performance Report (APR): A reporting tool used to track progress, accuracy and completeness of data and accomplishments of projects.

Bowman Systems: Often referred to as "Bowman," this is the company/vendor who created and maintains the KYHMIS system (Service Point) and reporting tools.

Client: An individual that a participating KYHMIS project collects or maintains personal identifiable information.

Continuum of Care (CoC) Project: Project identified in KYHMIS as receiving funding from HUD through the competitive CoC application process.

Executive Director: A person who serves as the top executive official of a participating agency.

Housing Inventory Count (HIC): An inventory of beds for homeless persons, including seasonal and overflow beds.

Kentucky Housing Corporation (KHC): The lead entity for the statewide KYHMIS implementation in Kentucky.

Participating Agency: Any agency/project that enters client information into KYHMIS.

Protected Personal Information (PPI): Information about a project participant that can be used to distinguish or trace the participant's identity, whether alone, or when combined with other personal identifying information.

Release of Information (ROI): A document signed by the client or verbal approval by client authorizing or denying sharing of their PPI, service information, or other pertinent client data in KYHMIS.

ServicePoint: A software system created by Bowman Systems, which tracks data about people in crisis to determine individual needs, provide a referral system, and create aggregate data for reporting and planning. ServicePoint is Web-based and uses a standard graphical user interface similar to Microsoft Windows.

User: An individual who has been granted access to and uses KYHMIS.

User License: An agreement between the individual and the CoC HMIS Agency that allows access to the KYHMIS.

Roles and Responsibilities

Kentucky Housing Corporation (KHC)

KHC is the lead agency for the implementation and maintenance of the statewide KYHMIS.

KYHMIS Management

Policy:

KHC is responsible for the organization and management of the KYHMIS. KHC KYHMIS staff is responsible for the all system-wide policies, procedures, communication, and coordination for KYHMIS.

KYHMIS staff will follow protocols established by Bowman Systems, LLC.

KHC KYHMIS staff will notify Bowman Systems of any software issues within 12 hours of being made aware of the issue and after an investigation at the state level has taken place.

All information received from Bowman Systems pertaining to use, access, reporting, or live site system will be disseminated through each CoC's HMIS Lead Agency staff and then to each Agency Administrator within three business days of receipt.

KYHMIS Documentation

To ensure the integrity and security of sensitive client confidential information and other data maintained in the database, KHC requires all participating agencies and users to sign the KYHMIS Acknowledgement of Receipt of the KYHMIS Policies and Procedures Manual and Security Monitoring prior to being given access to the KYHMIS.

Policy:

CoC HMIS Lead Agency staff will provide the necessary manuals and forms for all users within their CoC. These documents will be kept up-to-date and in compliance with HUD and all other funders' policies and requirements.

In the event a funder issues changes to the requirements, all related documentation will be reviewed and updated collaboratively by KHC and CoC HMIS Lead Agency staff.

If a funder's requirements necessitate immediate implementation of changes, such changes will be communicated to all three CoC HMIS Lead Agencies. All changes will be communicated to participating agencies and HUD-funded VSPs through the KHC eGram system and System News on KYHMIS.

Security Management

Policy:

KHC is ultimately responsible for the continuous monitoring of security of data for the Balance of State as well as monitoring security of data for all other CoC KYHMIS Lead Agencies. Due to the nature of technology, unforeseen service outages may occur. In order to assure service reliability, Bowman Systems provides a comprehensive [disaster recovery plan](#).

All major outages are immediately brought to the attention of KHC leadership staff. Bowman Systems support staff helps manage communication or messaging to the KYHMIS staff as progress is made to address the service outage. KHC KYHMIS staff, in turn, will communicate status updates to the KHC leadership staff and CoC HMIS Lead Agencies.

Training

Policy:

The CoC's HMIS Lead Agencies will provide timely training for all new users, in the most efficient and effective way possible. Users must participate in and satisfactorily complete "KYHMIS New User Training" prior to approval for access to KYHMIS. Users must participate in at least one KYHMIS Refresher Training course every year to have the continuing skill set for data collection and reporting.

Ultimately it is the responsibility of the participating agency's Executive Director to identify staff that will become KYHMIS Users and KYHMIS Agency Administrators. Executive Directors are responsible to choose users that have basic computer skills, including knowledge of how to navigate the Internet, email, and basic knowledge of data entry into an online software system prior to the users participating in the initial KYHMIS training. In addition, Agency Administrators need to have skills beyond that of a basic user.

CoC KYHMIS Lead Agencies may withhold user licenses from a participating agency if users are not able to demonstrate the skills needed to access the KYHMIS.

CoC KYHMIS Lead Agencies will ensure the following minimum standards are met for training:

- User
 - Security and Confidentiality Training (annually)
 - New User Training
 - Refresher Training (annually)

CoC KYHMIS Lead Agencies may suspend user credentials for any user who is out of compliance with the required annual training until all training requirements have been fulfilled.

Agency Management

Policy:

Participating agencies will notify the CoC Lead Agency of any changes with projects including: additions and discontinuations of projects and users via the HCA Help Desk at <http://kyhmis.zendesk.com>. CoC HMIS Lead Agencies will set-up and de-activate agencies, projects, and users, as needed.

User Management

Policy:

CoC's KYHMIS Lead Agency staff will give appropriate levels of access to the system based on user's position in the participating agency, configuration of projects, and designation by the Executive Director. To protect client security, users will always be assigned the most restrictive access possible that will still allow efficient job performance.

System Availability

Bowman Systems provides highly available HGIS software and informs the KYHGIS statewide implementation through the Bowman Newsflash of any planned interruption in service. CoC HGIS Lead Agencies will inform the participating agencies pursuant to the following policy.

Policy:

Scheduled upgrades and maintenance will occur as arranged. CoC KYHGIS Lead Agencies will inform users of the exact date and time prior to scheduled upgrade via:

- ServicePoint News
- KHC eGram notification
- E-mail notification

In the event of an unscheduled unavailability for an extended period of time, all participating agencies will be contacted by email and informed of the cause and the anticipated duration of the interruption of service.

Participating Agency

Security Management

Policy:

Participating agencies are responsible for ensuring all hardware and software used to access and/or store KYHGIS client-level data is in a secure location where access is available to authorized staff only. Security software will be monitored at least annually by CoC KYHGIS Lead Agencies.

Monitoring may consist of a desk monitoring or an on-site monitoring. Failure to complete any corrective actions resulting from monitoring in the given time period may result in deactivation of all participating agency user accounts and the participating agency may be non-compliant with HUD and/or other funding regulations.

CoC KYHGIS Lead Agencies will ensure the participating agency meets the minimum requirements listed:

Participating agencies **must** have:

- A secure broadband Internet connection.
- Wi-Fi is acceptable, **if** the connection is protected by a network security code.

All Workstations at the participating agency that access KYHGIS **must** have:

- Memory:
 - If Win7 – 2 Gig minimum
 - If Vista – 2 Gig minimum
 - If XP – 1 Gig minimum
- Monitor:
 - Screen Display – 1024 by 768 (XGA) or higher (1280 by 768 strongly advised)
- Processor:
 - A Dual-Core processor
- Browser:
 - Firefox is recommended for use with Service Point.
 - Internet Explorer is recommended for using the ART reporting tool.
 - Google Chrome will not function with the ART reporting tool.
- Password Protected Workstation:

- All workstations **must** be locked if a licensed User leaves a workstation when ServicePoint is active.
- Current and Active Security:
 - Real-time antivirus scanning
 - Manual virus scanning
 - Automatic virus removal
 - USB virus scanning
 - Anti-spyware
 - A firewall
 - Anti-phishing
 - Anti-spam

Records Management

Policy:

Participating agencies must maintain appropriate documentation of any Client Acknowledgement and Release of Information records obtained in a secure location for a period of five years after the last date of client service and assure their subsequent destruction by shredding or burning. Records must be made available to the client, upon written request, within five business days.

Compliance monitoring is completed by CoC HMIS Lead Agencies, as requested by funders or required by regulation. CoC HMIS Lead Agencies will require participating agencies to show proof of compliance at time of monitoring. Failure to comply may result in deactivation of all participating agency user accounts, and the participating agency may be non-compliant with HUD and/or other funding regulations.

Privacy Management

Policy:

Participating agencies will be solely responsible for posting the most current “Privacy Notice” in a location for all clients to easily find and read and also have a copy of the current “Privacy Policy” on hand.

The current “Privacy Notice” and “Privacy Policy” can be found at <https://kyhmis.zendesk.com>. All correspondence regarding updates to “Privacy Notice” and “Privacy Policy” will be sent to agencies in the form of an eGram and posted on ServicePoint News.

Compliance monitoring is completed by CoC HMIS Lead staff, as requested by funders or required by regulation. CoC HMIS Lead Agencies will require agencies to show proof of compliance at time of monitoring. Failure to comply will result in deactivation of all participating agency user accounts and the participating agency may be non-compliant with HUD and/or other funding regulations.

Data Sharing

Policy:

Data sharing among KYHMIS participating agencies will be supported automatically for all participating KYHMIS agencies. All PATH, RHY, HOPWA and Recovery Kentucky projects are exempt from participation in data sharing under federal statute.

All projects, with exception of PATH, RHY, HOPWA and Recovery Kentucky programs, will have data sharing privileges set by CoC HMIS Lead Agencies for client-level data. The

standard level of client-level data sharing privileges will be set as in the Global Sharing Policy in this document.

All agencies “opt-in” by signing the Acknowledgement of Receipt of the KYHMIS Statewide Policy Manual annually. The original agreement is to be provided to the CoC HMIS Lead Agency with a copy being retained by the participating agency.

Agencies wishing to “opt-out” of sharing information electronically through the KYHMIS are required to complete a Data Sharing Exit Agreement signed by the Executive Director stating their reasons for opting out and submit it to the CoC HMIS Lead Agency. Sharing of information ends on the date the participating agency signs the Exit Agreement. All client information shared prior to the Exit Agreement date will continue to be shared.

At a minimum, CoC HMIS Lead Agencies will:

- Define each User’s access type as described in the Access section of this manual.
- Conduct random file checks for appropriate client authorization based on participating agency risk determination
- Conduct random User audit reports

Participating Agency Executive Director

Policy:

The Executive Director is responsible for ensuring their agency and all licensed users within their agency abide by all CoC established regulations, standards, policies, and procedures in regards to the KYHMIS and clients’ rights.

CoC HMIS Lead Agencies will ensure that the Executive Director complies with applicable funding agreement requirements regarding the KYHMIS participation. In addition, they will ensure the Executive Director completes and submits the Acknowledgement of the KYHMIS External Policies and Procedures Manual for each user, KYHMIS Annual Agency Privacy and Security Monitoring Form, and Data Sharing Exit Agreement (if applicable). These forms must be reviewed and signed on an annual basis. Failure to comply may result in deactivation of all participating agency user accounts and the participating agency may be non-compliant with HUD and/or other funding regulations.

Ultimately Responsible

Policy:

The Executive Director is ultimately responsible for compliance with the KYHMIS Statewide Policy Manual along with any CoC level supplemental policies; which includes, but is not limited to: knowledge and understanding of client rights, grievance procedures, data sharing, agency security, and all actions and work conducted by licensed Users in their agency, including those no longer employed at their agency.

Executive Directors are ultimately responsible for:

- Verifying and signing all reports or information distributed by their agency for submission or publications,
- Notifying CoC HMIS Lead Agency prior to or within 24 hours if a user should be removed from the KYHMIS.
- Completing, signing, and submitting KYHMIS required documentation annually, or upon request.

- Adhering to any additional requirements that may be deemed necessary by the funder or the CoC.

Failure to comply may result in deactivation of all participating agency user accounts and the participating agency may be non-compliant with HUD and/or other funding regulations.

Agency Administrator

An Agency Administrator is the liaison between CoC HMIS Lead Agencies and all other participating agency users. CoC HMIS Lead Agencies shall ensure they have a valid, up-to-date email address for each of their Agency Administrators and shall set their User Role as that of “Agency Administrator” in the KYHMIS.

System Management

Policy:

Agency Administrators will assist, as needed, CoC HMIS Lead Agencies in implementation of system upgrades, report development, and system testing. Agency Administrators will also be responsible for disseminating all information to users within their agency.

Agency Management

Policy:

The Agency Administrator will be responsible for updating, correcting, and maintaining the participating agency information in the KYHMIS.

CoC HMIS Lead agencies will train Agency Administrators on how to change and update information regarding their agency and all projects within their agency and require the information is verified and updated as needed. Failure to comply in maintaining correct participating agency and project information in the KYHMIS will result in suspension of all participating agency licenses until corrections are made and the participating agency may be non-compliant with HUD and/or other funding regulations.

Report Management

Policy:

Agency Administrators are responsible for supplying the Executive Director with all required reports and/or information for verification and signature in a timely manner prior to submission.

CoC HMIS Lead Agencies will ensure Agency Administrators have knowledge and understanding of reports, due dates, submission dates, and the appropriate person/agency for submission.

If the Agency Administrator has concerns and/or questions regarding any of the participating agency's reports, the Agency Administrator will be required to submit a ticket to the KYHMIS Help Desk at <https://kyhmis.zendesk.com> 7 days prior to final submission of report. Failure to submit a ticket within the appropriate time frame may result in CoC HMIS Lead Agencies not having adequate time to render assistance. CoC HMIS Lead Agencies will not be held liable for failure to render timely solutions when there is less than 7 days to respond.

User

A licensed KYHMIS User is responsible for ensuring their participating agency's client-level data is entered correctly and complies with all client rights, confidentiality, and data sharing in compliance with CoC regulations, standards, policies, and procedures. CoC HMIS Lead Agencies will provide the appropriate training for Users as outlined in the "Training" section of this manual.

Client-Level Data

Policy:

CoC HMIS Lead Agencies will ensure that Users will not knowingly enter false or misleading information under any circumstances into KYHMIS regarding the participating agency, project, or client.

When requesting reports from a participating agency, CoC HMIS Lead Agencies will require Agency Administrators review and verify the report prior to submission. If issues concerning client-level data are raised, CoC HMIS Lead Agencies may conduct a data audit and a monitoring site visit. Failure of a participating agency or user to comply, or if there is proof of a violation, can result in deactivation of the user's license permanently.

Ethical Data Use

Policy:

Data contained in the KYHMIS will only be used to support the delivery of services. Each KYHMIS licensed user will affirm the principles of ethical data use and client confidentiality by signing this document.

Any individual or participating agency misusing or attempting to misuse KYHMIS will be denied access. Without limitation the failure to comply with the policies and procedures related to the KYHMIS, may subject the participating agency to discipline and termination of access to the KYHMIS and/or termination of other KHC contracts. Other funders will be notified by KYHMIS staff of failure to comply.

Data Sharing

Policy:

CoC HMIS Lead Agencies will ensure that at no time shall a licensed User alter, change, or delete other agencies' data in compliance with the data-sharing policies. At a minimum, they shall communicate with the other agency; whereby both agencies involved in the disputed accuracy of data are consulted and a joint resolution reached.

Client Release of Information

Policy:

Users **must** obtain a verbal (not for BOS agencies) or signed Client Acknowledgement and Release of Information document for each client prior to entering data into the KYHMIS for client information that will be shared.

Users **must** supply the KYHMIS client record with an end date (365 days from entry) for each release of information. Recovery Kentucky client records must have an end date not exceeding 2 years from entry.

If the Client Acknowledgement and Release of Information has expired, the user **must** obtain a new release prior to updating records.

Verbal and signed Client Acknowledgement and Release of Information forms **must** be secured and retained for five years from the date of the last service for the client.

Data Standards

Policy:

Users must enter all data into the KYHMIS or, if applicable, a comparable database in accordance with the current HUD Data Standards.

CoC HMIS Lead Agencies shall ensure all Users have access to and understand the most current HUD HMIS Data Standards.

Clients

KYHMIS is a system for information to be passed from participating agency to participating agency regarding client information, services, and referrals. KYHMIS is geared to save clients time in telling their “story” and providing documentation. At no time should a client’s rights, confidentiality, or requests be violated.

Denial of Service

Policy:

No client shall be denied a service for declining to release information or refusal to answer informational questions not required for service eligibility screening.

Prior to collecting client-identifying information by the participating agency, clients **must** first sign or verbally (not for BOS agencies) agree to the Client Acknowledge and Release of Information document, acknowledging their request to share or deny sharing of information.

Access to Data

Policy:

Clients may have access to their data at any time and can ask for detailed explanation of the information given to them.

Clients may submit a written request for a printed report of their data in KYHMIS to the CoC HMIS Lead Agency.

Changing Information

Policy:

Clients may request that agencies update incomplete and/or incorrect data. However, agencies have the right to deny this request.

Procedure:

- Contact CoC HMIS Lead Agency to determine validity of request to update or correct data in KYHMIS.

Denial of Access

Policy:

CoC HMIS Lead Agencies and participating agencies reserve the right to deny access to an individual's personal KYHMIS records for any of the following reasons. The denial is required to be documented; including original request and reason for denial.

- Information compiled in reasonable anticipation of litigation or comparable proceedings.
- Information about another individual (other than a health care or homeless provider).
- Information that by disclosure would be reasonably likely to endanger the life or physical safety of any individual.

Educating Clients of Privacy Rights

Policy:

The participating agency employee that obtains data from the client will work with the client to understand their privacy rights, benefits of sharing data, and what their data is used for once entered into the KYHMIS. CoC HMIS Lead Agencies are not liable for client-level data that has been entered into the KYHMIS by a User in which the client's right to privacy was violated.

At a minimum, CoC HMIS Lead Agencies shall ensure participating agencies:

- Make the "Privacy Notice" available to the client upon request.
- Are knowledgeable regarding data-sharing policies, release of information policies, and security of data.

Client Denial to Share

Policy:

Clients have the right to choose not to have their data shared.

A participating agency that has a data sharing agreement with other participating agencies must lock down this client's record to be visible only to the participating agency that originally entered the data.

The participating agency must contact the CoC HMIS Lead Agency prior to entering client level data into KYHMIS for instructions on how to set the visibility settings appropriately.

Communication

Between KYHMIS Staff and CoC HMIS Leads

Policy:

KYHMIS Staff is responsible for relevant and timely communication with each CoC HMIS Lead Agency in the statewide implementation regarding all aspects of the KYHMIS, reporting, and data standards. CoC HMIS Lead Agencies are responsible for relevant and timely communication with participating agencies.

KYHMIS staff will provide communication through:

- Regularly scheduled System Administrator Meetings
- Regular publications of KHC's eGram
- Email notification
- KYHMIS System News

- FAQs, tip sheets, documentation, policies, procedures, reporting matrix, and general help published on the KYHMIS Help Desk at <https://kyhmis.zendesk.com>.

KYHMIS Help Desk

KYHMIS staff maintains a user Help Desk referred to as “Zendesk.” The goal of Zendesk is to operate in an effective and efficient manner assisting users in the order in which the tickets were submitted. The KYHMIS has over 350 users and 800 projects. By requesting assistance through the Help Desk, users receive documentation of their ticket submissions and responses from CoC HMIS Lead Agency Staff.

Policy:

Participating agency’s Users will submit requests for specific research data, system enhancements, technical support, helpful hints, training tips, documentation to download; password reset requests, etc. to the KYHMIS Help Desk.

The Help Desk shall be available from 8:00 a.m. to 4:30 p.m. ET, Monday through Friday, excluding KHC holidays. CoC HMIS Lead Agencies will respond to Help Desk submissions from their respective CoC. The following guidance is applicable to the process to be followed by each CoC HMIS Lead Agency:

- Tickets will be addressed in the order of receipt.
- Tickets will be addressed within 3 business days.
- All Help Desk tickets received after 4 p.m. ET will be addressed the next business day.

Tickets asking help to identify or resolve issues with reports **must** have the report in question attached to the ticket. Failure to attach the report will result in a delay in the response to the ticket.

Access

KHC and CoC HMIS Lead Agency Staff

Policy:

KHC and CoC HMIS Lead Agency staff will have access to retrieve all data in the KYHMIS. Access to individual client-level data will only be for the purpose of direct client service-related activities, reporting/maintenance, checking data quality, and responding to Help Desk Tickets.

The CoC Lead staff will oversee all reporting to HUD and the public. All special research requests will be handled directly by the CoC Lead in coordination with the requesting participating agency. All information collected and analyzed will not be shared with others without the written consent of the requesting participating agency.

User Access

Policy:

Each CoC HMIS Lead Agency will be responsible for assigning user access for the agencies within the geographical designation of their Continuum.

Public Access

Policy:

CoC Lead Agencies, will address all requests for data from entities other than participating KYHMIS agencies and HUD-funded VSPs or clients. The public is not given access at any time.

Procedure:

- The KYHMIS can enter into data-sharing agreement with outside organizations under contract with KHC for:
 - Research.
 - Data Matching.
 - Evaluation of Services/Planning.
- Contracts must include an MOU or MOA. Any MOU or MOA initiated and executed by CoC Lead Agencies must be communicated to KHC.
- Data-sharing agreements will require that all parties certify that they will adhere to the strict standards of protecting client-level data employed by the KYHMIS.
- All public requests for information must be made in writing to KYHMIS staff.
- KYHMIS staff will issue periodic public reports about homelessness and housing with no previous notice to participating KYHMIS or HUD-funded VSP agencies. Such public reports will not reveal identifying information at the client-data level.

Security

Bowman Systems and/or Mediuware

System Security

Policy:

KHC shall ensure that Bowman Systems and/or Mediuware maintain the highest level of system security for the ServicePoint software and hardware.

Bowman Systems and/or Mediuware employees who have access to client-level data are subject to a national background check, training on confidentiality requirements, and must sign a confidentiality statement as part of their employee agreement.

The system function logs the time and type of activity, as well as the name of the user who viewed, added, edited, or deleted the information.

Servers are located in complexes with:

- 24-hour security personnel.
- 24-hour video surveillance.
- Dedicated and secured Data Center.
- Locked down 24-hours per day.
- Only accessible by management-controlled key.
- No access is permitted to cleaning staff.
- State-of-the-art HVAC and fire suppression system

Data Security/Disaster Plan

Policy:

KHC shall ensure that Bowman Systems and/or Medware maintain the highest level of data security for the ServicePoint software.

The traffic that flows between the server and the user's workstation is encrypted using the SSL certificate installed on KHC's dedicated server. Database tape backups are performed nightly. Seven days' backup history is stored on instantly accessible Raid 10 storage with one month's backup history being stored offsite.

KYHMIS staff have 24/7 access to Bowman Systems' and/or Medware emergency line to provide assistance related to outages or downtime.

Unauthorized Access

Policy:

KHC shall ensure Bowman Systems and/or Medware has processes in place to address unauthorized access.

If an unauthorized entity were to gain access to the KYHMIS and client data, or if there were suspicion of probable access, Bowman Systems and/or Medware would take the following steps:

- The system would be examined to determine the presence of system or data corruption.
- If the system has been compromised, the system would be taken offline.
- Using the previous night's backup, a restored copy of the system data would be loaded onto another server, and the system brought back online with the back-up copy.
- Comparing the back-up database to the database taken offline, an investigation would be launched to determine the extent of the unauthorized activity/corruption, and the corrective action needed.
- Upon completion of the investigation, findings would be reported to KHC and options would be discussed.
- Upon KHC's approval, corrective action would be initiated. Corrective action could include all or part of the following:
 - The original hard drive would be completely erased and rebuilt, including a new operating system, SSL Certificate, applications, and the back-up database.
 - If applicable and feasible, lost data from the original database would be restored.

Licensed Users

User Access

Policy:

A newly licensed user must sign and submit required documentation prior to receiving access to the system. All licensed users must re-submit required documentation annually.

CoC HMIS Lead Agency staff will provide unique usernames and temporary passwords to each licensed user that has completed the minimum training requirements as outlined in this manual. Each user will create a unique password of their own choosing upon initial log-in. Passwords should be reset at a minimum of every 45 days.

Users will keep passwords confidential. Usernames and passwords may not be exchanged or shared with other users. The sharing of usernames is a breach of the KYHMIS policies and procedures. Exchanging usernames seriously compromises security and accountability to clients. If a breach occurs, it may subject the participating agency to discipline and termination of access to the KYHMIS and/or termination of other KHC contracts.

Bowman Systems and/or Medidata, KHC, and CoC HMIS Lead Agency staff are not liable for actions of a former participating agency employee with an active license if the participating agency fails to give notification of termination prior to or within 24 hours of that termination.

Password Recovery

Policy:

CoC HMIS Lead Agencies will only reset forgotten passwords after verification of User access status. Reset information is preferred to be sent via Help Desk Ticket and not by direct contact. Response to the request will be sent back through the Help Desk.

Location of Data Access

Remote Access

Policy:

Users will ensure the confidentiality of client data, following all security policies and adhering to the standards of ethical data use, regardless of the location of the connecting computer. KYHMIS is intended to be accessed only on-site from the participating agency's network, desktops, laptops, and mini-computers that are Web capable.

In special circumstances, user access from remote locations may be permitted after approval by CoC HMIS Lead Agency Staff. All users that access KYHMIS remotely must meet the standards detailed in the security policies and procedures and may only access it for activities directly related to their job.

Examples of Remote Access:

1. Personal laptops that were not purchased by the participating agency.
2. Access to the KYHMIS on a network other than that of the participating agency.
3. Private home desktops.

The Executive Director has the responsibility to ensure the user is in compliance with this and all other policies, procedures, agreements, and rules governing KYHMIS.

Agency Data

Data Retrieval

Policy:

KYHMIS-participating agencies will have access to retrieve any individual client-level data and aggregate data for their own projects. Participating agencies will not have access to retrieve client-level or aggregate data for other participating agencies or system-wide.

Agency Administrators and Users using the ServicePoint Report Writer or ART will only be able to extract data from those records to which they have access based on their level of security given by the CoC's HMIS Lead Agency staff. Whenever a user attempts to access an

aggregate report for unauthorized data, the report will show “0”. Both Report Writer and ART will limit the user access and only report data from records to which the individual user has access.

Extracted Data

Policy:

KYHMIS-participating agencies have access to retrieve any individual client-level data and aggregate data for their own projects and download the information onto a local storage vessel. Users will maintain the security of any client data extracted from the database, including data used in custom reporting.

Compliance Security Review

Policy:

KYHMIS-participating agencies are subject to random or scheduled compliance monitoring checks completed by KYHMIS CoC.

Scanned Document Management

Policy:

KYHMIS staff is responsible for organization and management of the KYHMIS. The following standardized procedures to upload documents must be followed to ensure uploaded information is useable system-wide.

- Documents uploaded to a client must have the naming standards of:
 - Client ID#, Document Title, Date Saved
 - For Example: 123456, Homeless Verification, 11/20/2013
- File attachments may only be uploaded to the client profile screen under “File Attachments.”
- Users may never remove documents of another participating agency and may only remove theirs when uploading an updated version, or removing incorrect information.
- Unless otherwise noted by an opted-out data sharing project or a client denial, all file attachments will be shared system-wide.

Globally-Shared Information

Policy:

KHC and the CoC HMIS Lead Agencies have set sharing standards for each area of KYHMIS. At any time, a CoC HMIS Lead Agency may choose to close or share a section for privacy protection or coordinated assessment needs. The intent of KYHMIS is to allow as much data sharing as appropriate and necessitated by clients’ needs and services provided to meet those needs.

Data Quality

The Data Standards established by HUD and KHC are applied to all participating agencies’ projects reporting client-level data in KYHMIS. To have correct, accurate, and reliable reporting in a timely manner, CoC HMIS Lead Agencies are required to ensure all participating agencies adhere to the policies and procedures established.

Required Data Collection Fields

Policy:

All KYHMIS-participating agencies and all HUD-funded VSP agencies must comply with the current Data Standards set by HUD and participating federal partners.

The current HUD Data Standards can be found at <https://www.onecpd.info/hmis/hmis-data-and-technical-standards/>.

CoC KYHMIS Lead Agencies will ensure:

- All projects are entering all data fields that appear on their client entry, interim, exit, and follow-up fields to allow for required reporting and analysis to occur.
- Users are trained to follow the correct workflow for the project. When a user does not complete the correct fields in the correct workflow, reports will reflect “nulls,” “missing,” or “non-HUD acceptable” errors.
- All projects are aware they have the option to complete more data assessment fields. CoC KYHMIS Lead Agency staff will establish additional assessment fields when such requests are received by the Housing Contract Administration Help Desk or requested directly to their KYHMIS System Admin.
- All CoC KYHMIS Leads should share information regarding new implementations, major updates, etc. added to the system prior to adding them to the live site. This information must meet system requirements and be approved via discussion in system admin meetings.

Data Entry Time Limits

Policy:

Participating agencies should enter client-level data in real time to maintain the referral process and records on services rendered. However, agencies **must** enter all client-level data within three business days of occurrence or from when participating agency obtains the data.

Data Accuracy

Accuracy is defined as reports run by participating agencies with no errors or missing items flagged.

Policy:

Participating agencies must strive for high data accuracy and integrity on all reports.

CoC HMIS Lead Agencies shall set policies for participating agencies self-monitoring. These policies should include the requirement for submission of specific data reports (i.e., Data Quality Framework, APR) that show appropriate accuracy. The policy shall also include consequences for failure to submit accurate reports and a timeline for the agencies to correct the reports.

Housing Inventory Count

Policy:

Each CoC HMIS Lead Agency is responsible for completing the Housing Inventory Count (HIC) for their CoC.

- Projects deemed emergency shelters, transitional housing, or permanent housing projects **must** submit a Housing Inventory Count form to their CoC Lead Agency on the designated day following the Point-in-Time Count.
- Projects must show a bed utilization rate that is above 65 percent and less than 105 percent, per HUD standards. The Executive Director or designated person must submit a written explanation with the form if the project is below or above said HUD standards.
- If an agency does not submit or comply with above standard, the CoC Lead Agency will contact the Executive Director within five business days of due date. The Executive Director or designated person will have five business days to comply.
- If an agency does not re-submit an accurate report after five business days, the appropriate CoC Lead Agency staff will notify the funder and all agency user licenses will be suspended.
- Failure to comply with these standards will result in suspension of all licensed agency users, as well as the possible suspension of draw requests.

License Suspension and/or Replacement

Policy:

At any time, the CoC HMIS Lead Agency reserves the right to suspend a User's license if a User is having difficulty entering client-level data and providing accurate reports. The CoC HMIS Lead agency can require additional training and if unsuccessful can require the Executive Director to assign a different staff member to attend training, become licensed, and enter client-level data. KHC is to be notified of any User license suspension.

Violation of Data Quality and Integrity

Policy:

In their discretion, each CoC may hold funds or deduct points on future grant applications for agencies that violate the data quality policies and procedures.

Licensing and Invoicing

To carry out its responsibilities as the lead system administrator for the KYHMIS, KHC has secured funding through the Kentucky BoS CoC project funds. By seeking to maximize these resources, KHC has been able to keep ServicePoint user fees at an affordable level. Agencies that receive federal funds but are exempt from participating in the KYHMIS pay a nominal data collection fee to help cover the costs of handling data that does not come through the KYHMIS, but is analyzed and combined with KYHMIS data for reporting. KHC addresses the annual licensing and invoicing for the Louisville CoC and the Lexington CoC through Memorandums of Understanding.

PLEASE NOTE: Prior to KHC issuing HMIS invoices to agencies, there will be notifications and reminders listed in KHC e-grams several times. Agencies are encouraged to read each e-gram and look for articles announcing upcoming HMIS invoicing.

Annual Invoice

Policy:

In late June of each year, KHC staff will process an Annual Invoice to each agency in the Balance of State and the Lexington CoC. (The Louisville CoC will invoice their member agencies separately.) In early June, KHC will encourage all agencies to confirm the number of annual user licenses they will need for the upcoming fiscal year. It is the responsibility of the agency to notify KHC KYHMIS staff of any change in the number of licenses that will be invoiced.

The Annual invoice will be emailed to agencies using the on-line PNC Payment System (<https://www.payerexpress.com/ebp/KHC/>). The email will be sent to the identified contact person in the payment system. It is the responsibility of each agency to enroll in the payment system, to enter the required banking information, and to ensure that the contact person is correct or to make any necessary changes in the system.

When the agency receives the invoice, they will need to log on to the payment system and initiate payment by electronic payment. No paper checks will be accepted by KHC. If any paper checks are received, they will be returned to the agency not processed.

Any invoice unpaid by the due date will be assessed a 10% late fee. Any invoice still unpaid after 30 days will be assessed an additional 10% late fee. Any invoice remaining unpaid after 60 days will require the KHC KYHMIS staff to suspend the agency's usage of the KYHMIS system. If an agency's usage has been suspended, KHC will not process any draws for payment of any grant or program administered by the agency until the invoice is paid in full and the user licenses are activated.

All Victim Service Providers (VSP) agencies will receive an annual data maintenance invoice due on the same schedule listed above.

Quarterly New User Fee Invoices

Quarterly, KHC still will issue a New User Fee Invoice for each agency that added a new user during the previous quarter. A new user is defined as an additional license not billed during the annual invoice process. If a new staff member of the agency replaces a previous staff person and assumes their user license, they are not a new user. An additional license is necessary to add a new user.

New user invoices will be calculated on a pro-rated basis calculated beginning on the first day of the full month after their license was activated. Late fees will be assessed if any New User Fee Invoice remains unpaid 30 days after the invoice was issued. Additional late fees will be assessed after 60 days and all agency user licenses will be suspended after 90 days and will remain suspended until the invoice is paid in full.

All processes for issuing the New User Fee Invoice and the process for agency's paying the invoice will be the same as listed above for the Annual Invoice.

Grievances

From a Participating Agency or Client

Policy:

KYHMIS-participating agencies have the right to file a written grievance against KHC or the CoC HMIS Lead Agency. Clients also have the right to file a grievance against a participating agency regarding the KYHMIS. Each CoC HMIS Lead Agency must have a grievance policy on file with KHC.

The CoC HMIS Lead Agency grievance policy must include:

- Definition of categories of grievances
 - Client grievances
 - Participating agency grievances
 - HUD-funded VSP grievances
- Specific steps to be followed for grievance submission
- Process that will be followed to resolve the grievance
- Appeal process of the grievant

Participation Termination

Initiated by the Participating Agency

Policy:

The KYHMIS termination of a participating agency may affect their relationship with their funder. However, in the event of termination, all data entered into KYHMIS will remain an active part of the KYHMIS, and the records will retain their original security settings. CoC KYHMIS Lead Agencies are required to notify KHC upon receipt of a request for termination of contract.

Prior to be granted termination from KYHMIS the participating agency must ensure all clients are properly exited from the terminating agency's program.

Initiated by CoC HMIS Lead Agency

Policy:

CoC KYHMIS Lead Agencies and KHC reserve the right to terminate the KYHMIS Participation Agreement for non-compliance with the terms of that agreement. CoC HMIS Lead Agencies are required to give a participating agency written notice of the intent to terminate and provide a minimum of 10 days for the participating agency to rectify any violations. If termination does occur, the CoC KYHMIS Lead Agency is required to notify KHC of the termination and provide documentation of termination justification. In all cases of termination, CoC HMIS Lead Agency staff will make inactive all users from the participating agency on the date of termination. All client-level data entered into the KYHMIS will remain an active part of the KYHMIS, and the records will retain their original security settings.

Projects in KYHMIS

Adding a New Project in KYHMIS by Agency

Policy:

The Executive Director or Agency Admin will notify the CoC Lead Agency staff 30 days prior to implementation of a new project.

Procedure:

- At least 30 days prior to anticipated implementation date, the Agency Admin or the Executive Director will submit a detailed account of the project to the KYHMIS Help Desk including but not limited to:
 - Name
 - Address
 - Contact Information
 - Services Delivered
 - Type of Housing/Service Project
 - Eligibility Criteria
 - A list of users
 - Location of project
 - Service Area
 - Funding Source
 - Goals for using the KYHMIS
- CoC Lead Agency staff will ensure the following standard formula is used when creating a name within KYHMIS:
 - Parent Agency-Project Name-Funding Source-Type of Service-CoC
 - Example:
KHC-Joe's House Step Two-CoC-PSH-BOS
- CoC Lead Agency staff will present the completed request form and recommended program name to the Agency Admin or Executive Director for approval.
- The Agency Admin or Executive Director will have five business days to communicate changes or corrections.
- CoC Lead Agency staff will complete set-up at least seven business days prior to the implementation date for final approval from the agency.

Making Changes to Existing Projects in KYHMIS

Policy:

The Agency Admin or Executive Director will notify CoC Lead Agency staff of programmatic changes.

Procedure:

- The Agency Admin or Executive Director will notify CoC Lead Agency staff of any applicable programmatic changes to existing programs which may have an effect on data collection, data entry, data quality, or data reporting at least 45 business days prior to the implementation date of the change.
- Recommendations and timelines for the changes will be returned to the agency no more than ten business days from receipt date of request.
- CoC Lead Agency staff will complete changes at least seven business days prior to the implementation date for final approval from the agency.

Additional Customization

Policy:

The participating agency will be solely responsible for additional database customization costs. This includes the voluntary transfer of existing project client-level data and custom built reports beyond that of KYHMIS staff's scope of work.

Procedure:

- The Agency Admin or Executive Director will notify CoC Lead Agency staff of any applicable programmatic customization which may have an effect on data collection, data entry, data quality, or data reporting at least 45 business days prior to the implementation date of the change.
- If support from Bowman Systems and/or Mediware is necessary to make the changes, CoC Lead Agency staff will communicate to Bowman the needs and scope of work for the agency.
- Recommendations and timelines for the changes will be returned to the agency no more than ten business days from receipt date of request, including a Statement of Work from Bowman, if applicable.
- CoC Lead Agency staff will complete changes at least seven business days prior to the implementation date for final approval from the agency.
- If an agency voluntarily transfers an existing project to another agency, KHC will not pay for client-level data to be transferred. The agency requesting the transfer will be liable for any fees incurred.

Acronyms

AIRS – Alliance of Information and Referral Systems
AHAR – Annual Homeless Assessment Report
APR – Annual Progress Report
BoS – Balance of State Continuum of Care
CDBG – Community Development Block Grant
CHO – Contributing Homeless Organization
CoC – Continuum of Care
DOB – Date of Birth
DV – Domestic Violence
ES – Emergency Shelter
ESG – Emergency Solutions Grant
HHS – The U.S. Department of Health and Human Services
HOPWA – Housing Opportunities for Persons with AIDS
HUD – U.S. Department of Housing and Urban Development
I&R – Information and Referral
KHC – Kentucky Housing Corporation
KYHMIS – Kentucky Homeless Management Information System
LEX – Lexington/Fayette County Continuum of Care
LOU – Louisville/Jefferson County Continuum of Care
MCO – Managed Care Organization
MH – Mental Health
NOFA – Notice of Funding Availability
PATH – Projects for Assistance in Transition from Homelessness
PIT – Point in Time Count (K-Count)
PKI – Public Key Infrastructure
PPI – Personal Protected Information
PSH – Permanent Supportive Housing
RHY – Runaway and Homeless Youth
RKY – Recovery Kentucky Project
ROI – Release of Information
S+C – Shelter Plus Care (McKinney-Vento Act Project)
SA – Substance Abuse
SHP – Supportive Housing Program

SO – Street Outreach
SOAR – SSI/SSDI Outreach, Access, and Recovery
SRO – Single Room Occupancy
SSN – Social Security number
SSDI – Supplemental Security Disability Income
SSI – Supplemental Security Income
SSO – Supportive Services Only
SSVF – Supportive Services for Veteran Families
TA – Technical Assistance
TANF – Temporary Assistance for Needy Families
TH – Transitional Housing
VA – Veterans Affairs Administration
VAWA – Violence Against Women Act
VSP – Victim Service Provider
XML – Extensible Markup Language

Acknowledgement of Receipt of the KYHMIS Statewide Policy Manual

I certify that I have read and will comply with all requirements placed upon Users as stated in the KYHMIS Policies and Procedures.

User Initials:

____ My User ID and password are for my use only and must not be shared with anyone.

____ I must take all responsible means to keep my password physically secure.

____ I understand that the only individuals who can view information in the KYHMIS are authorized Users and the Clients to whom the information pertains.

____ I may only view, obtain, disclose, or use the KYHMIS information that is necessary to perform my job and none other.

____ If I am logged into the KYHMIS and must leave the work area where the computer is located, I must log off of the KYHMIS before leaving the work area.

____ A computer that has the KYHMIS open and running shall never be left unattended.

____ Failure to log off the KYHMIS appropriately may result in a breach in Client confidentiality and system security.

____ Hard copies of the Client's KYHMIS information must be kept in a locked, secure file.

____ Client release forms must be retained in a locked, secure location for five years from date of last service to Client and then destroyed by shredding or burning. When other KYHMIS Client information hard copies are no longer needed, they must be destroyed by shredding or burning to maintain confidentiality.

____ If I notice or suspect a security breach, I must immediately notify the Agency and the System Administrator (KHC/KYHMIS Help Desk).

____ I must send in requested reports by the designated dates and participate in the Data Quality process.

____ I acknowledge receipt of the KYHMIS Statewide Policy Manual from KHC. I certify that I have read, understand, and will abide by the policies and procedures, as detailed in this document, as well as accept any measures taken for violation of these practices.
